Motion for Reconsideration

Now Comes: the Petitioner Steven Lemay pro se of 15 Pleasant Street, Rochester, NH 03867 who states as follows.

1. The petitioner received an order from Magistrate Judge James stating that the petitioner has $300,000.00 in equity in his home. This is incorrect, the petitioner owes the bank $300,00.00, and has not been able to make any payments on the mortgage due to the fact that the petitioner is on disability.

Wherefore: The petitioner request that this Honorable Court Order:

A. Order that the petitioner does not have to pay the filing fees to establish this case in the United States District Court.

B. And for whatever else maybe deemed just, and equitable.

Respectfully Submitted,
